"From East to West, Our Mayor is The Best," the handmade banner on the wall behind Venice Mayor Tyrone Echols read as about 300 persons filled the new Venice Senior Citizens' Center for an appreciation and re-election dinner honoring Echols.

Special guests at the dinner included State Comptroller Roland Burris and East St. Louis Mayor Carl Officer. Both heaped praise on Echols' administration and endorsed his re-election in April 1985.

"I BELIEVE Tyrone Echols needs to be mayor of Venice as long as he wants to be mayor of Venice," Mayor Officer said, adding, "Tyrone has not only been a good man, he's been a good mayor."

Comptroller Burris also praised Echols, saying, "I am here even before the Nov. 6 election to tell you that I am here to endorse Mayor Tyrone Echols for re-election in April 1985. He has done a great job for recreation, for senior citizens, for his citizens in Venice."

Burris said he was pleased to be able to come to Venice and announce that Echols' administration is gaining statewide notice. "It is kind of good when someone from the outside has heard what a great job your

mayor is doing and comes here to tell you," Burris said.

STATE SENATORS Sam Vadala (D-Edwardsville) and Kenneth Hall (D-East St. Louis) also were on hand to praise Echols. Hall said, "If your mind can believe and if your heart can see, there is nothing you can't do and that is Mayor Echols."

Vadala also praised Echols and the citizens of Venice. "Your good citizens have always given me solid support and I consider it an honor to serve you," he said. Vadala also praised the comptroller, saying, "Comptroller Burris is an honor to our state, our party and our great country."

Madison Alderman Don Garrett also spoke, saying that Mayor Echols has been a credit to blacks. "Mayor Echols proves not only that we can govern, but we can do an outstanding job of it," he said. Echols thanked those present and said he has done his best in a dif-

ficult job. "It is a laborious task on my family as well as myself. I can hardly please anybody. The only thing you can do is see your problems, do your best and hope it's right."

The mayor cited a primary target of his administration, reduction of crime, and said he is going to lead a delegation of Venice residents to Edwardsville Oct. 20 to visit the state's attorney and some judges to urge stronger prosecution. "It's not that we're not making the arrests, we're not getting the warrants and the prosecution. Our efforts to stop crime won't do any good if people like you don't call the police."

Echols noted that last Monday night, "My wife's car was stolen six feet from my door."

THOSE PRESENT were urged to vote Democratic in the Nov. 6 presidential election. "Bad politicians are elected by people who do not vote. If you don't stand up for something, you'll sit down for nothing," Echols said.

Mehelic is ousted

By SUSANNE INDELICATO
of the Press-Record

Nameoki Township is without a highway commissioner, following action Friday by the Fifth Appellate Court in Mount Vernon.

The appellate court refused to stay in order by Madison County Chief Associate Judge Edward C. Ferguson requiring that Highway Commissioner Frank Mehelic vacate that post by 5 p.m. Friday.

MEHELIC WAS convicted July 17 of one count of official misconduct for ordering township employees to do work on a personal car. Last month, he was sentenced to two years of probation, ordered to devote 200 hours to public service work and was fined \$500 plus court costs.

On Tuesday, Oct. 9, Judge Ferguson ordered Mehelic to vacate the office by 5 p.m. Friday, pending appellate court consideration of a motion to stay the order. The ouster

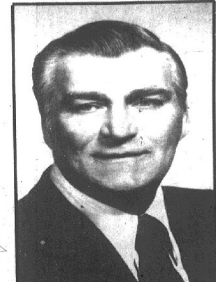

was ordered after a quo warranto motion (involving civil, rather than criminal, action) was filed by Assistant State's Attorney John Delaney Jr.

Mehelic is free on a \$10,000 recognizance bond, but he still faces five more counts of official misconduct on grand jury indictments alleging that he directed employees to perform personal work for him on township time. An appeal of the official misconduct conviction was filed with the appellate clerk Sept. 21.

THE NAMEOKI Town Board of Trustees has delayed action on a resolution to declare the highway commissioner's position vacant. Township Supervisor Harry Briggs said he doesn't know what the board will want to do about the position, now that Mehelic must vacate the office.

"I don't know what the board's feelings are...if they want to declare

Law outlines ending school system

By BILL WINTER
of the Press-Record

Warnings about the future of Granite City School District No. 1 stem from provisions of the Illinois School Code, Chapter 122, citizens and educators are asserting.

Citizens for Continued Education are urging "Yes" votes on two school proposals Nov. 6—a \$6.6 million working cash fund bond issue and a 40-cent hike in the education tax rate limit.

Both proposals, which total 80 cents, have been officially committed to debt retirement and related budget balancing.

FINISHING THE YEAR now in progress and completing the 1983-86 year are being described as doubtful without the two financial assists that are on the fall 1984 ballot.

Section 5-32 relates that "if any school district other than a non-high school district shall for one year fail to maintain within the boundaries of the school district a recognized public school as required by law..."

"Such district shall become automatically dissolved and the property and territory of such district shall be disposed of in the manner provided for the disposal of territory and property in Section 7-11 of this Act."

THE CITIZENS' school election brochure says that "if we fail to support our schools on Nov. 6, the future is clear. The school budget will not balance. The School Board, in an attempt to hold off state control, will be forced to make drastic cuts in programs."

"The budget will still not be

balanced and the state will be forced to take control of our schools."

"Our district will be divided up among area districts, and portions of our students might be assigned to those districts."

SECTION 7-11 of the School Code says in part that "if any school district has become dissolved as provided in Section 5-32, the County Board of School Trustees shall attach the territory of such dissolved district to one or more districts."

"And if the territory is added to two or more districts, shall divide the property of the dissolved district among the districts to which its territory is added, in the manner provided for the division of property in case of the organization of a new

Three killed in auto crash

A former local resident was among three persons killed and his sister was seriously injured in a one-car accident at 11:35 p.m. Saturday on Route 140, one-half mile east of Illinois Route 4, near Alhambra.

Ronald Forehand, 17, of Rural Route One, New Douglas, who was born in Granite City, was pronounced dead at the scene by Madison County Deputy Coroner Robert Dauderman of Alhambra at 12:10 a.m. Sunday, Oct. 14, 1984.

THE YOUTH was a passenger in an auto operated by David S. Massey, 20, of Rural Route One, Worden, who was killed, along with another passenger, Ray L. Williams, 17, of Box 203, New Douglas. Mr. Williams and Mr. Massey also were

pronounced dead at the scene. Jennifer Forehand, 18, of the New Douglas address, a sister of Mr. Forehand and a former resident, and Carl E. Thieme, 16, of New Douglas, both passengers in the car, were seriously injured, according to Illinois State Police authorities.

Miss Forehand and Thieme were taken by ambulance to Oliver C. Anderson Hospital in Maryville, but later were transferred to St. Louis University—Firmen Desloge Hospital, St. Louis.

A SPOKESMAN for the Illinois State Police said the vehicle operated by Mr. Massey was traveling east on Route 140 when he apparently lost control of the car and struck a guard rail and then a tree.

RONALD FOREHAND

An investigation is continuing to determine the exact cause of the accident, an ISP trooper said. Mr. Forehand's funeral arrangements are detailed in today's obituary column.

Assessment officials on County Board agenda

Another potentially dramatic confrontation is possible as the Madison County Board holds its October session at 9:30 a.m. Wednesday.

The agenda includes resolutions asking that Supervisor of Assessments James Barton and Board of Review Member Fred Fink take leaves of absence. Both are under indictment.

BOARD MEMBER William Haine hopes to have the board consider firing Barton. County Board Chairman Nelson Hagnauer has said he will not reappoint Barton after the current four-year term ends Dec. 31.

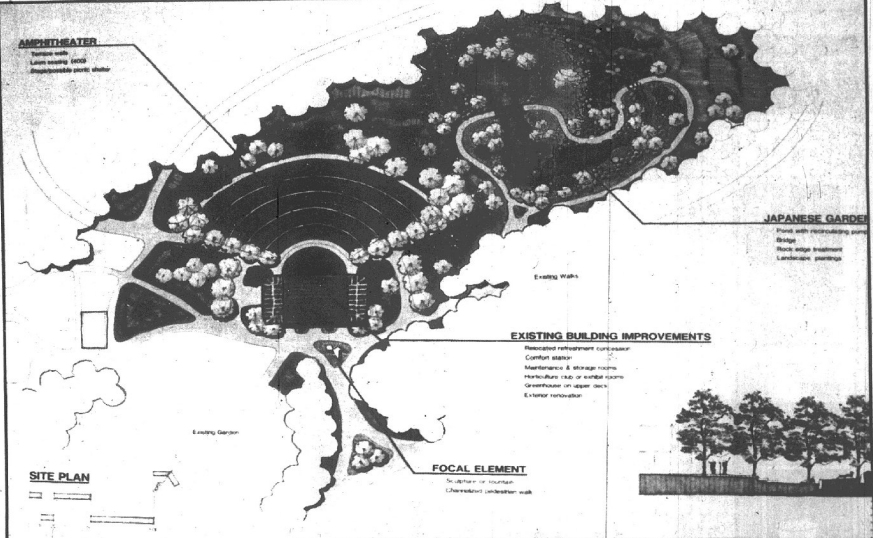

Board Member Homer Henke is

seeking to have the board ask Barton to go on leave.

A former Review Board member, Terry W. Francis, said last week Henke and Board Member Jack Frandsen, also a Barton critic, pressured review members to make decisions favoring constituents in their districts. Henke and Frandsen responded that they did not go beyond normal introduction courtesies.

FRANCIS ALSO SAID immediate ouster of Barton could jeopardize efforts to speed up the property tax cycle. Hopes have been voiced that

LONG-RANGE PLANNING. Proposed by the Hastings and Chivetta, architects for the proposed new swimming pool in Wilson Park, this sketch shows a possible use of the existing swimming pool and bathhouse area. Suggested for the area is the renovation of the bathhouse (at lower left) to include a refreshment concession, comfort station, maintenance and storage rooms, horticulture and exhibit rooms, and a greenhouse on the

upper deck. The swimming pool area would provide an amphitheater (semi-circular section of sketch) and stage for various performances. The garden area directly north of the pool area would be landscaped as a Japanese garden, featuring a small bridge, rock edge treatment and pond. This plan is not included in the Nov. 6 bond issue, but is a suggestion by the architectural firm for future consideration.

James Wright Jr. speaker for annual Kennedy dinner dance

The Annual John F. Kennedy Memorial Champagne Dinner Dance will be Sunday, Oct. 21, at Augustine's Restaurant, Highway 15 and 158, Belleville, with cocktails at 4:30 p.m. and dinner at 5 p.m.

The principal speaker will be James C. Wright Jr., majority leader of the House of Representatives and assistant speaker to Thomas "Tip" O'Neill.

Tickets are \$35 per person. Checks may be mailed to Post Office Box 51, Edwardsville, Ill. 62025.

The Annual JFK Dinner Dance is sponsored by the Madison County Democratic Committee. Dinner chairman Robert Stille at 1-656-7289 or Sam Wolf at 877-2345 may be reached for further information.

Now in his fourth term as majority

leader of the House, Wright during his political career has won numerous honors and titles. But none does he value as highly as one bestowed by his fellow members of Congress.

Nominees debate

A "no holds barred" verbal fight developed Friday night in Godfrey as State's Attorney Don W. Weber and Richard Allen debated which candidate voters should support Nov. 6.

The two nominees also will debate at noon tomorrow at the Granite City Rotary Club's weekly luncheon at the YMCA, and at 7:30 p.m. Oct. 25 at the Madison Mutual Insurance building in Edwardsville.

Allen, a Granite City lawyer, acknowledged he has scant experience in prosecuting murders and robberies. But he said he would operate the prosecutor's office responsibly, in contrast to what he said have been the arrogance and politics associated with it during the past four years.

Weber said his approach to the job has helped reduce violent crime sharply in Madison County, with much longer prison terms obtained. He said he has tried many dozens of felons, succeeded 90 percent of the time, achieved death sentences, and revived numerous dormant cases.

Allen disagreed that crime has been deterred and noted that Weber himself was indicted for official misconduct, later dismissed. He cited allegations by former employees that Weber pressured them to make campaign contributions.

Republican Weber attributed his legal problem to Democratic judges and others seeking to thwart his investigations of Democratic officials. He said Allen is inconsistent in criticizing current policies but not acknowledging past practices by county prosecutors.

Halloween Ball planned for Granite City seniors

The annual Halloween Ball for all Granite City senior citizens is scheduled for Tuesday, Oct. 30, at the Granite City Township Hall, 2060 Delmar Ave.

The event is being sponsored by Granite City Township Supervisor Nelson Hagnauer. There is no charge for admittance.

Howard Bolton and the Alley Cat Band will play for dancing from 6:30 to 9:30 p.m., and there will be a judging of costumes and awarding of prizes to the best five costumes during the first intermission. Costumes are optional.

Refreshments will be served, and the buses will operate to pick up and take home persons who do not have their own transportation. Those needing rides are urged to call 877-8584.

School to consider plight of teaching nuns

Officials at Sacred Heart—St. Joseph School, 2401 Sheridan Ave., will conduct an open meeting in the school gymnasium to help determine whether the nuns will remain as teachers in the parish school.

School officials say the shortage of nuns has posed a problem for several parochial schools, and they urge interested persons to attend the meeting at 7 p.m. Thursday, Oct. 18.

Park Ice Rink opening for rentals

Granite City Park District officials have announced that the Wilson Park Ice Rink opened during the weekend rentals by groups only. In addition, season passes for the public sessions — to begin Nov. 1 — are on sale at the ice rink.

Officials urge anyone wishing to purchase a season pass to present a park district ID card. The cost of the season passes is \$45 for a family pass, \$15 for a child's pass and \$25 for an adult pass.

BOOK TICKETS also may be purchased for adults with a Park ID card.

Volunteers sought for annual Mothers' March

The 1983 Granite City Mothers March will be spurred on by Mr. Robert (Marilyn) Harris, who has agreed to serve as honorary chairman of the March of Dimes community effort to prevent birth defects.

The chairman's appointment was announced by Annamie Peck, executive director of the Metro East Chapter March of Dimes. The Mothers March will be the week of Jan. 27 and will include visits to an estimated 5000 homes in the Granite City area.

"In a very special way, the Mothers March brings home the need for every one of us to become involved in improving the health of our children," Mrs. Harris said. "When you think that about a quarter of a million babies are born each year with birth defects, you realize that this is a very real

challenge for all of us in Granite City."

By going from house-to-house, March of Dimes volunteers bring the message that birth defects can be prevented, Mrs. Harris stated. "And while we tell people about the progress being made in this area these days, we also give each household an opportunity to contribute to further birth defects research, medical services and education programs."

"Volunteers are the front line in the battle against birth defects, it's people power that makes the difference. Help give babies the advantage. Volunteer today," she said. Interested persons may call LuAnn Harrelson at 1-692-8588.

A month-long telephone solicitation of potential volunteers began today with a goal of 743 mothers to march to raise funds against birth defects.

chased for \$7 for children and \$10 for adults. The books contain 10 tickets.

Public sessions will be from 7 to 9:30 p.m. Thursdays and Fridays, from 1 to 3:30 p.m. and 7 to 9:30 p.m. on Saturdays, and from 1 to 3:30 p.m. and 6 to 8:30 p.m. Sundays, with an adults-only session from 8:30 to 11 p.m. Sundays.

The admission fees for the season will be 75 cents for children through grade 12 with a Park ID card, and \$1.30 for adults with a Park ID card. The price for non-residents to skate will be \$1.30 for children through grade 12 and \$2 for adults.

Special Birthday Party can be skated Nov. 1. The ice rink may be rented by organizations for a price of \$35 per hour. Beginning Nov. 1, the rental price will be \$50 per hour, and \$35 for Fridays and Saturdays after midnight.

The Park District also offers a Special Birthday Party at the park residents. The ice rink may be rented Mondays through Fridays from 3:45 to 4:45 p.m. for \$50, with a maximum of 20 skaters. A charge of \$1.30 will be added for each additional skater. Under this plan, the Park District provides each skater with a hot dog, popcorn, soda and skate rental.

Further information is available by calling the ice rink manager at 877-2549.

SEMC reduces fees for some ER treatments

St. Elizabeth Medical Center has reduced its fees for emergency room treatment of certain minor illnesses and injuries by 55 percent.

According to Ted Ellerman, executive vice president, the new fee schedule went into effect Oct. 1. The emergency room now offers the following services at the new lower rate: treatment of puncture wounds, upper respiratory infections, inguinal hernia, diagnosis of communicable diseases, earaches, headache (unless testing is involved) and treatment of minor animal and insect bites.

Ellerman believes that the new fee structure makes emergency room care more affordable and, therefore, more accessible to residents of the community. He emphasized, however, that emergency room care should not be a substitute for normal physician care.

The Emergency Department at St. Elizabeth's is open 24 hours a day and has around-the-clock physician coverage. The emergency room has been designated by the state of Illinois as an area-wide trauma center.

High school to host education program

The East Alton—Wood River Community High School has invited the Granite City High School staff, junior and senior high school students and their parents to its 15th annual Further Education Night.

The event takes place from 7 to 9 p.m. Tuesday, Oct. 16, in the east building courtyard of the East Alton—Wood River High School.

School officials say that more than 60 colleges, trade schools, nursing schools and academies will be represented. Special sessions on financial aid and computer maintenance also will be offered.

Arrest for slashing tires of 24 vehicles

Two dozen charges of criminal damage to property were filed against him on the basis of incidents on O'Hare, Franklin and Edgewood avenues and Devon Hill Lane and, the following night, on Clark Avenue and Johnson Road.

Owners listed were Gerald McConnell, Michael Grizzard, the S.P. Richards Co., Jeremiah Duncan, Kenneth Janish, Alex Kovach, Kevin Hoedebeck, Beverly Chrismer, Mary Lynn Chrismer, Lawrence Williams, Thomas Walsh, Jeff Hillman, Ruth Walk, James Schwager, Clifford Robertson, Harold Hill, Ronald Ray, Cathy Fleg, Lillian Bole, Larry Wells, Lucy Wooden, Chris Graf, Anthony Wiehardt and John Hennrich.

Often questions arise regarding the difference between a joint tenancy in real estate and a tenancy in common. Let us first compare the way these two different interests in land are created. To create a joint tenancy, a deed would read "to Joseph Smith and Edward Jones, as joint tenants and not as tenants in common." Unless there is specific language in the deed creating a joint tenancy, the interest in land will probably be construed as a tenancy in common. The following examples will demonstrate that these two tenancies do create far different rights upon the death of the first landowner.

The major difference between a joint tenancy and a tenancy in common is that the joint tenancy includes survivorship. When the first joint tenant dies, the surviving joint tenant takes the entire estate of the deceased. Therefore, in our above example involving Smith and Jones, if Smith died first, Jones would get his entire interest in the land even if Smith was survived by a wife and children. In this case, Smith's family would inherit nothing from his interest in the land, even if Smith left a will leaving all his property to his wife and children.

If Smith and Jones held the property as

Elderly victim battles intruder

An elderly Venice woman did battle with an intruder who forced his way into her home about 2:30 p.m. Friday.

The woman was cleaning in her kitchen and had just opened the screen door when a man threw cover over her head, knocking her to the floor.

She told police the man kicked her

and threatened to "blow her head off if she got off the floor" before he went into other rooms at the dwelling.

The woman tried to get up from the floor three times, but each time the man came back into the kitchen and knocked her down, she told officers. At one point, however, she managed to kick the intruder, she said.

She got away when he went into the living room. The victim went outdoors, where she began yelling for help. She then went to a residence in the 1000 block of Third Street, where the residents summoned police.

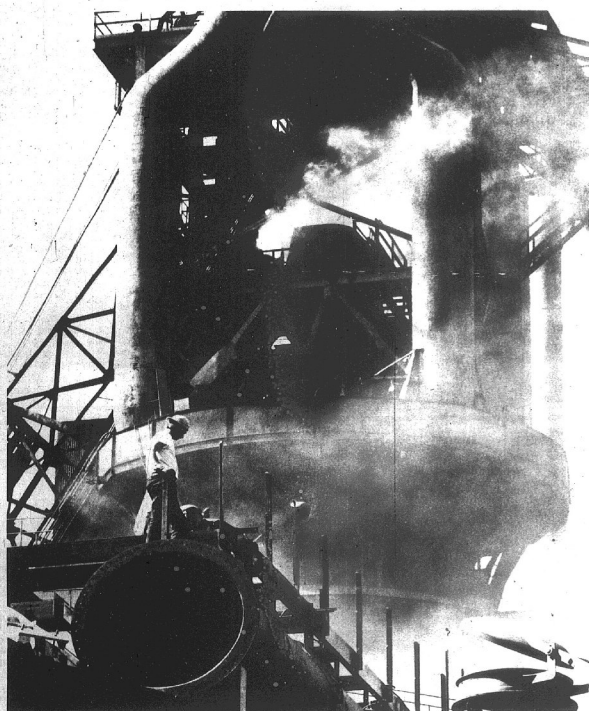

Officers said the victim initially declined to go to St. Elizabeth Medical Center for treatment. However, about an hour later, she was taken by a neighbor to the medical center, where she was admitted for tests, police were advised.

tenants in common, however, when Smith died first, his interest would pass under the will to his wife and children. In this case, even if he died without a will, one-half of the property would go to his wife and one-half would pass to the children. Here the wife and children themselves would become tenants in common with Jones, the surviving tenant in common.

The decision as to whether to create a joint tenancy or tenancy in common rests with the relationship between the parties and what the landowner is trying to accomplish. If Smith and Jones are brothers, have no other family, and each has contributed equally to the purchase of the land, then they will probably want to hold the property as joint tenants with right of survivorship.

However, let's assume that Smith and Jones are business partners with families. If each contributed equally to the purchase of the land, they probably would not want all the land to pass to the survivor of them when the first one dies. Each would probably want his family to inherit his interest upon his death, and therefore they should own the property as tenants in common.

CLEANER AIR is the aim of this new emissions control equipment being completed at the Granite City Steel blast furnaces. Emissions rising from the "B" Furnace, in the background, should be greatly reduced when the new system begins operations later this month. Testing of the system is scheduled for Oct. 24 and the new baghouse is tentatively scheduled to go into service Oct. 31.

Pontoon passes additional \$13,000 for police salaries

Pontoon Beach Village Board members passed an amendment to the 1984-85 budget last week, which appropriates an additional \$13,000 for police salaries.

According to Mary Warren, village clerk, the money will be used to pay police officers not to take their scheduled vacations, when manpower shortages occur.

Mrs. Warren said that the police department currently has six officers, counting the chief. The department has been short a man since a year ago last September, when one of the men was laid off.

She said when vacations occur, the police department is "really hurting." This appropriation will allow an incentive to police officers not to take their vacations.

According to Police Chief Chet Ballew, two officers already have expressed an interest in taking the pay instead of a vacation.

Mrs. Warren said she is not sure when a man will be hired back to the staff. "I can't answer that question," she said. "It will depend on a lot of things."

In other news, the board agreed to allocate \$345, to allow a police officer to take breathalyzer test training. When this man is trained, there will be two Pontoon Beach police officers qualified in the testing.

Ballew told board members that part of the \$345 fee will be reimbursed to the village after testing is completed, but the amount of the reimbursement is not known at this time.

Also at the meeting, the board passed a motion to purchase eight books, at a total cost of \$115, that will aid the village in devising a master plan for zoning.

Although the village currently has a zoning ordinance, the master plan will allow the city to designate certain areas for residences and certain areas for businesses, according to Mrs. Warren. "This will also allow the city to annex property," she said.

CAUSE NOT KNOWN IN MADISON HOUSE FIRE

A one-story frame building located at 922 Webster St., Madison, was the site of a fire last week. Investigators are trying to determine the cause of the fire.

The vacant home, owned by William Terrell of 1029 Bissell St., Venice, apparently was on fire simultaneously in two different sections of the house—the living room and the kitchen. The amount of damage to the building is not known.

ALARM SCARES BURGLAR

Altha Lassen of 1829 Third St., Madison, told police this month that she returned home to find that her home's front door was forced open. It is believed the alarm system at the home scared the suspect away. Nothing was reported missing.

At the last meeting, board members passed a resolution establishing a 16-member committee to devise the master plan. Board members have been soliciting applicants for the committee and will pick the group at the next meeting.

POUR SUGAR IN AUTO GAS TANK AT GCS LOT

Kimberly Sorter of Maryland Heights, Mo., told police last week that someone poured sugar in the gas tank of her 1984 Buick Regal while the vehicle was parked in the Granite City Steel South Plant lot, 1417 State St.

Traces of sugar was found on the bumper and the gas filler neck and several long, deep scratches also were inflicted on both sides of the vehicle, reports said.

MESD to advertise for bids for repairs to treatment plant

By SUSANNE INDELICATO
of the Press-Record

Metro-East Sanitary District Executive Director Walter "Shang" Greathouse told the district board last week that the district is ready to advertise for bids for work on the Landsdowne sewage treatment plant.

Hurst-Rosche Engineers, Inc. of Hillsboro, Ill., has prepared a booklet outlining the work required to clean the primary clarifiers and digesters at the plant, as ordered by the U.S. Environmental Protection Agency last May.

Greathouse said the bid advertisement would be listed in local newspapers immediately, and the specifications for the work will be available for viewing at the MESD office, Hurst-Rosche Engineers, Inc., East St. Louis office, the F.W. Dodge Division in Manchester, Mo., and Springfield, Ill., and at the Southwestern Illinois Builders' Association office in Belleville.

Plans call for a pre-bid conference to be conducted at 10 a.m. Nov. 1 at the Hurst-Rosche office in East St. Louis and bids for the work are to be opened at 9 a.m. Nov. 15 at the MESD office, 1801 Madison Ave.

After receiving the contract, the contractor has 60 days to perform the work, Greathouse noted.

He also informed the board that district crews have moved and cleaned up around the plants and said, "We're moving on the Cahokia plant, also. I relayed that information to the U.S. EPA and the Illinois EPA."

The EPA ordered the MESD to clean, repair and maintain certain parts and equipment of its two sewage treatment facilities after an engineer's report indicated that some parts needed replacement, equipment needed cleaning and maintenance efforts needed to be stepped up.

"I really scrutinized the reports of the EPA," Greathouse commented, "and I feel that they criticized us

fairly. We're going to expect everyone in those plants to do those jobs."

The EPA also noted that failure to properly maintain the plants could result in "poor plant performance" and "operator indifference."

Greathouse added, "When this plant is fixed, we fully intend to have it maintained properly."

He estimates that the repairs and maintenance required by the EPA will cost the district \$70,000.

AUTO STOLEN IN GARAGE BURGLARY

A 1974 white-over-light green Buick Regal was stolen in a garage burglary at the home of Helen Kachuba, 1300 Granite Ave., last week.

assessment hearings could be concluded by Dec. 31 and that real estate tax bills could be mailed by June 1.

Assistant State's Attorney Marshall Smith may seek a compromise in which Barton resigns and is paid for the rest of his term. But Barton says he is innocent and will finish out the year.

In other county business, bids are to be sought to pave a driveway and parking lot at the special sewer area office in Mitchell.

GC BPW Club to hear J. Daniel Hines

J. Daniel Hines, manager of Public Relations at Granite City Steel, will be the featured speaker after a dinner meeting of the Granite City Business and Professional Women's Organization, during National BPW Week.

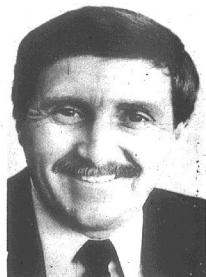

Members will dine at Bill Burns Cafeteria, on Thursday, Oct. 25, and then walk to the Granite City Steel office building for a program and film showing.

County Board okay

The Madison County Board will consider three zoning cases in the Quad-Cities area when it meets at 9:30 a.m. Wednesday, Oct. 17, in the Madison County Courthouse at Edwardsville.

The Madison County Zoning Board of Appeals has recommended that a request by John Tarras and Nancy and Bill Bridges be denied.

The applicants have requested a special use permit to place a mobile home on McCambridge Avenue near the intersection of Meridian Avenue in Nameoki Township. The property

needed on zoning

lies in an R-4 single-family residence district.

The Zoning Board of Appeals recommended that a request for a special use permit and a variance be granted to Richard Wilkinson, who wants to continue the placement of his mobile home in an agricultural district, on Chouteau Island in Chouteau Township.

Also recommended for approval is a request from Alton Banking and Trust Company and Hen House Interstate for a variance to erect a free-standing, high-rise advertising sign at the intersection of Route 111 and Old Route 66 by-pass. The property lies in a B-3 highway business district in Chouteau Township.

Cardiac Club to discuss medicine

Mike Weaver, a pharmacist with St. Elizabeth Medical Center, will discuss proper dosages, drug interactions and the effects of certain drugs at the next meeting of the SEMC Coronary Club at 7 p.m. Wednesday in the Wiseman Room of SEMC.

Individuals with questions about cardiac medications are being encouraged to attend.

Since there will be no regular Coronary Club meetings during November or December, plans for the club's Christmas party will be finalized at Wednesday's meeting.

district from a part of another district.

"The County Board of School Trustees shall give notice of a hearing on the disposition of the territory of each school district."

"AT SUCH HEARING the County Board of School Trustees shall hear evidence as to the school needs and conditions of the territory and of the area within and adjacent thereto, and shall take into consideration the educational welfare of the pupils of the territory and the normal high school attendance pattern of the children."

The statute also provides for a review of the trustees' administrative decision. It spells out termination of the office of the present Board of Education and apportionment of bond debt and tax rates.

SUPT. FRANK L. KRAUS foresees state intervention, possibly in the spring or summer of 1985, with Illinois Office of Education representatives coming "here to study the financial dilemma, recommend cutbacks and perhaps place the district on one-year probation."

Kraus says Italy there is no possibility of a special state financial "bail-out" for Granite City schools, since this would prompt similar requests from a large number of communities experiencing school revenue deficiencies.

East St. Louis schools seem to attract state funds despite unemployment and low industrial-commercial activity, he concedes, adding that this is due primarily to governmental recognition of economically depressed neighborhoods; there is no parallel or precedent related to Granite City, he adds.

CITIZENS CHAIRMAN Mack G. Johnson, who is associated with the Imperial Oil and Grease Co., is stressing that if District Nine is divided—residents would continue to pay school taxes, but to the contiguous districts assuming control of the territory and school buildings.

Loss of local control of school services could lead to departure of many families and a simultaneous

Long of Michigan City, Ind., 15 grandchildren, and four great-grandchildren.

Services are pending at Bob Thomas Memorial Mortuary, 2205 Pontoon Road, telephone 831-2121. Burial will be in St. John Cemetery, 2901 Nameoki Road. In lieu of flowers, the family requests that memorials be sent to the Heart Fund.

lowering of the price that families could obtain when selling their homes, Johnson says, noting that a residence is the typical family's major investment and financial worth.

a vacancy or if they want to replace Mehelic." He added that the board does have an executive meeting scheduled for Tuesday night, Oct. 16, to discuss personnel matters pertaining to the resignation of Township Collector Norman Hall.

The highway commissioners' vacancy may be discussed at that time.

Trustee W. Lee Adams, when told about the appellate court's decision Friday, said the board may call a special meeting to pass a resolution declaring a vacancy. Following that action, should it occur, the board would solicit applications and appoint a replacement about a week later, he explained.

"I THINK the proper thing to do would be to let it be known that we are accepting applications so people who are interested can respond," Adams stated.

A person applying for the position, Adams said, should know something about the township highway department, "as far as the maintenance of roads and snow removal."

BRIGGS responded about the decision, "I hate it on behalf of Frank Mehelic, and I hate it on behalf of the taxpayers of Nameoki Township. I hated that it happened. It kinda hurts."

PUBLIC HEARING

The Madison County Transit District and the Bi-State Development Agency will hold a public hearing to discuss the following proposed changes:

Changes

(1) The proposed changes to the 533 West Granite Stockyards route are: Reroute of the line through downtown Granite City and provide new service to residential neighborhoods in the City of Madison. Also proposed is elimination of service in the West Granite area and elimination of a low ridership segment in the City of Brooklyn.

(2) The proposed changes to the 530X Pontoon Express are: Begin service at Granite City Center in north Granite City. Provide new service to the residential neighborhoods along Maryville Road. Extend service into the City of Madison to serve additional residential areas. Develop park-n-ride facilities at Granite City Center and in the City of Venice to serve the route.

(3) Recommended change to the 530 McKinley Bridge is to remove three low ridership deviations on this route. Reroute the buses in downtown St. Louis along 8th and Market Streets to provide greater penetration into the office and shopping areas.

(4) The recommended change for the 532 East Granite is to divide the route into two end-to-end routes with extended service into new residential and shopping areas. The North Granite Shuttle will provide all-day service between downtown Granite City and Granite City Center via Wilson Park. This route will also provide service in the West Granite area.

The East Granite Shuttle will provide all-day service between downtown Granite City and Nameoki Village Shopping Center via Worthen Park. This route will basically follow the old East Granite route, but new service will be provided to the residential areas between Nameoki and Maryville Roads. Timed transfer opportunities will be provided between both shuttle routes and the McKinley Bridge in downtown Granite.

Mud Bow!! Althoff slides past Warriors

By JAMES BLASINGAME
of the Press-Record

BELLEVILLE — If there is a God of home field advantage, he lives in Belleville Township Stadium. Just ask any visiting football coach.

Granite City coach Ron Yates and his Warriors were confronted by too many obstacles on Saturday night to overcome Belleville Althoff, as the visitors lost 20-14.

On second and goal Hiller faked a run to Myatt up the middle, rolled out left and galloped into the end zone. After the extra point, the home team led 14-0.

An exchange of possessions gave Althoff the ball at the Warrior 30. Defensive back Vince Sleska threw Myatt for a 10-yard loss, setting up a third and goal from the Granite City 17. But on that third

"We thought coming in that they're bigger and stronger than we are. They were awful physical up front... it's tough to come back on a muddy field. I think the playing conditions hurt us more."

Ron Yates
Warrior football coach

Obstacle No. 1 was the Althoff Crusaders. Althoff entered the game with a 5-1 record, the only blemish being a loss to football powerhouse Belleville West. A big, strong, physical team, Althoff alone would have been a terrific match for the Warriors. But the Crusaders got some help from obstacle No. 2, the rain.

THE ON and off rain fell over the past few days had softened terrain all over the area. But Saturday's shower made the conditions in Township Stadium perfect. Perfect for mud-wrestling, that is.

Obstacle No. 2 had turned the field to slush. Footing was difficult for both teams, but Althoff's straight ahead rushing attack was less affected by the mucky surface than the Warriors' passing offense.

Also, obstacle No. 2 had caused the slush to give off an odor, an odor similar to that of a river bank, complete with decaying fish.

As if Althoff and the rain weren't enough of a problem to surmount, the Warriors were faced with obstacle No. 3, the officials.

THE officiating gave off a little different aroma. It smelled like home-cooked. "For every team that comes up here, we've never heard of a coach who's pleased with the officiating," said Yates. "I don't know what it is, there's a mystique about this place — playing here in the pit."

After the Crusaders scored on their first possession, Granite City owned the ball at their 29. On fourth down and six, Warrior punter Steve Davis was knocked down after his kick was already away. The official, who was standing five yards from Davis reached for his flag, hesitated, and then trotted downfield while Davis, waiting for the penalty to be called, sat in the mud.

Instead of a Granite City first down at their own 44, Althoff owned the ball at the Warrior 45.

FROM there the Crusaders plowed through the Warrior defensive front and into the Granite City secondary.

Carries by halfback Tom Myatt and quarterback John Hiller brought the ball down to the Warrior three-yard line.

down play, Crusader tight end Ramon Hughes sneaked behind the Warrior secondary for a touchdown pass from Hiller. The extra point Althoff lead was 20-0.

WHEN Granite City got the ball back, they came out firing. Warrior quarterback Shane Cole threw to flanker Jamie Hogan on the left sideline for a first down at the Granite City 48.

Ron Owens bulled his way to the Crusader 49, and another Hogan reception moved the ball to the 41. Pat Keeling romped down to the 24, before Cole scrambled around the right end to the 14 yard line.

On third and goal from the one, Keeling burst into the end zone. Ryan Weeks' extra point cut the Crusader lead to 20-7.

Granite City kicked off to start the second half, but the Warrior defense, according to defensive coordinator, Bob Stegemeier, "got a little more hard-nosed," and forced an Althoff punt.

AFTER a run by Owens and an Althoff quarterback sack, Eric Graves hauled in a pass from Cole and streaked 40 yards for a Warrior touchdown. Weeks converted the extra point, and Granite City trailed by only six.

The ensuing kick-off, an onside by Weeks, bounced off an Althoff player and was recovered by Graves at the Crusader 47.

The Warriors had the momentum. A touchdown and extra point would put Granite City in front by a point, but it wasn't to be.

On third down, Cole's pass was intercepted by Althoff defender Jim Monken at the Crusader 41. Three plays later Hiller threw to Hughes, who once again was alone, for a 55 yard score. The two-point conversion attempt failed, and Althoff led 26-14 with 4:21 remaining in the third quarter.

THAT WAS all the scoring in the contest, but the Warriors had a chance to put six more points on the board when Cole was left in the game, for a 55 yard score. The two-point conversion attempt failed, and Althoff led 26-14 with 4:21 remaining in the third quarter.

Cole rambled around the left end down to the Crusader five-yard line, but then obstacle No. 3 reared its ugly head. A blocking-below-the-waist

to the Edwardsville Sectional, but finished sixth with a team score of 343.

The Edwardsville Tigers won the regional title with a team total of 305, followed by Belleville West's 312. Mascoutah was the other squad to qualify for sectional play, as the Indians shot a 313 on their home course.

penalty pushed the ball back to Granite City 33, stifling the Warrior drive.

"We thought coming in that they're bigger and stronger than we are," said Yates. "They were awful physical up front. Our defensive line just couldn't handle it," the Warrior coach said.

"We played better in the second half, but it's tough to come back on a muddy field. I think the playing conditions hurt us more (than it hurt Althoff)," Yates said.

Stegemeier agreed.

"I THINK Shane could have thrown against them all night, but he had trouble seeing people. The mud on the jerseys made it tough. I'd like to play on dry ground," said Stegemeier.

When questioned about the game's officiating, Yates shook his head. He wasn't looking for any excuses, but his frustration showed.

"You have to have a good team to win up here in the pit," Yates said. "But you have to have a superior team to beat the officials."

In West Invitational Last-seeded Warrior spikers proved they deserved better

By PAULA WISE
of the Press-Record

BELLEVILLE — When a team enters a 10-team tournament seeded tenth, it knows it has no where to go but up.

This was the feeling the Granite City High School girls' volleyball team had when it entered the prestigious Belleville West Invitational Volleyball Tournament held Friday and Saturday.

The round-robin tournament, which featured such state hopefuls as Springfield-Sacred Heart, Carbondale, Mater Dei, Belleville West and Freeburg, has grown to become one of the top tournaments in the state.

WHEN the Warriors began play Friday, they were in the pool which contained Mater Dei, Carbondale, Mascoutah, and Freeburg. A victory over any of these top teams would be considered a feather in the Warriors' bonnet.

Despite the odds, the Warrior volleyballers were able to come away with one victory as they defeated sixth-seeded Mascoutah 15-8, 15-10.

After a Friday night loss to Mater Dei 15-3, 15-8, the Warriors rebounded Saturday morning for their only victory of the tournament, a three-game win over the Indians.

WINNING its first game rather easily, Granite City lost its momentum in the second game. The Warriors came from behind in the third game after trailing by as much as 6-2 to take the victory and secure the match.

"In the Mascoutah match all the girls had good games," said Warrior coach Wilma Schulze. "They all passed better. I think that's what helped us to beat them."

After a strong morning against the Indians, the Warriors fell prey to Carbondale in their first afternoon match.

FOR THE second consecutive weekend, the Granite City girls were forced to face the tough Carbondale squad. After losing to the southerners last week, the Warriors met with the same result in this weekend's match up.

Carbondale, undefeated until a tournament loss to Mater Dei this weekend, rolled over the Warriors 15-4, 15-0.

In the Warriors' last match against Freeburg, the Granite City gameplan appeared to fall apart. The good passing which had been present in the Warrior's previous games gave way to an ever occurring problem this season — inability to receive serve.

IN BOTH games the Warriors fell behind early. Trailing by 14-1 in the first game, the Granite City girls managed a slight comeback behind the serving of Michelle Morgan. But, after a missed serve, Freeburg sent an ace serve into the Warrior court that gave them the victory 15-6.

The momentum of the first game comeback should have been with the Warriors as they prepared to play the second game. But the impetus quickly switched sides as Freeburg's first server reeled off 11 straight points.

Granite City's only point of the game came off a spike by Betsy Barrington which landed just out of reach of Freeburg's back-line player.

"I THINK maybe the girls thought since they came from behind to beat Mascoutah it was going to happen again," said Coach Schulze. "But after Freeburg lost to Mascoutah, they were out to prove themselves. They wanted to show that they weren't that bad," Schulze said of Freeburg.

The Granite City coach was also disappointed in the lack of offense in the final match.

The Granite City coach was also disappointed in the lack of offense in the final match.

"We are going to have to continue to improve our service receive," said the Warrior coach. "We are also going to have to be more consistent with our serves. In the match with Carbondale, we had three girls in a row miss their serves. In volleyball you can't do that and win."

ONE bright spot for the Warriors this weekend was the play of center hitter Tammy Jones. Jones, who had been having problems keeping her hits on the court this season, put several spikes down for points in this weekend's tournament.

"Tammy plays pretty well under pressure," said Coach Schulze. "I had started taking her out sometimes when she was in the back row and now she has started playing better. I think she's a pressure player."

The Warriors will conclude their regular season with another tough week, playing five games in six days. Monday, Granite City will meet Highland in its final home game of the season. The game will begin at 6 p.m.

TUESDAY, the Warriors will travel to Belleville East to take on the Lancers in a 6:30 p.m. conference matchup. Granite City will have another conference game at 4 p.m. on Wednesday when they meet East St. Louis Senior.

The Warriors will travel to Roxana on Thursday to take on the Shells. Saturday, Granite City will conclude its regular season schedule against Edwardsville.

Regional play is scheduled to begin Tuesday, Oct. 23, in Granite City. In the first game, top seeded East St. Louis Senior will meet the fourth seeded Warriors. Second seeded Cahokia will meet third seeded East St. Louis Lincoln in the second game. The finals are scheduled for Wednesday Oct. 24.

In Golf E'ville wins regional; GCHS gets sixth, fails to advance

By JAMES BLASINGAME
of the Press-Record

SCOTT AFB — The Granite City Warriors' golf season came to a close Thursday afternoon at the Mascoutah Regional of the Illinois State High School Association Golf Tournament.

The Warriors needed to place in one of the top three spots to advance

to the Edwardsville Sectional, but finished sixth with a team score of 343.

The Edwardsville Tigers won the regional title with a team total of 305, followed by Belleville West's 312. Mascoutah was the other squad to qualify for sectional play, as the Indians shot a 313 on their home course.

Alex Vandiver, the tournament's medalist, led the Tigers with a 74. Granite City's Chris Carden shot 80 and was low man for the Warriors, but missed the sectional qualifying score of 79 by one stroke.

Eldon Depew carded 82 for Granite, Mike Sturman 88, and Steve Schatz closed out the Warrior scoring with 93.

On Saturday, Oct. 6, the Warriors took part in the Mascoutah Invitational Tournament, an 18-team affair. Again Granite City placed sixth with a team score of 346, and Edwardsville emerged as the tournament champion with a 314.

Bill Gaumer's 80 was low for the Warriors.

The inexperienced Warriors finished the season with an 11-10 record and gave Warrior coach Russ Chappell a chance to be optimistic about next season.

"We played young this year," said Chappell. "We played with only one senior (Carden) and one returning letterman (Sturman). We should have a good team next year."

"To get good, you have to work. You can't just come out and play from August to October and expect to be good. Golf is year 'round."

In College Soccer Creighton no match for Cougars

By AL BARNES
of the Press-Record

EDWARDSVILLE — The Southern Illinois University at Edwardsville soccer team bounced back here Sunday afternoon to post a 3-1 victory over the Blue Jays of Creighton University.

The victory brought the SIUE record back to an even 500 for the season and the Cougars are now 5-3, their worst in the 18 years the sport has been played here under the coaching of Bob Guelker, the school's one and only mentor.

The victory brought Guelker's SIUE record to an even 200 and leaves him short five of reaching the 300 mark. Guelker has posted 56 victories at St. Louis University, where he also introduced the sport.

Friday night, however, despite the season's biggest crowd, Guelker saw his Cougars lose their third straight year to the Rivermen of the University of Missouri, St. Louis, dropping a hard-fought decision, 2-0.

The loss to UMSL was particularly hard to take since the Cougars had outshot the Rivermen by a healthy margin, 23 to 13. In fact, one of the UMSL goals was scored by an unlucky G. P. Boyer of SIUE, who in his last two games has accidentally scored for the Cougars' foes.

Creighton, whose record fell to 4-6-1 after its loss to SIUE, came out blazing and, led by two ex-Collinsville High stars, keeper Jim Dalla Riva and defender Gerry Modglin, held the Cougars at bay until Billy Stallings opened the game's scoring on a pass from Johnny Gates at 22:20.

Just before the half ended, at 44:45, Granite City's Steve Tritschke, who has become a great favorite of the SIUE fans for his zooming "headers," tallied his second goal of the season to go with a trio of assists. Stallings now has 24 points on 11 goals and four assists.

Creighton scored its lone goal at 84:35 unassisted as Guelker fed his youngsters into the game with the fast running out. Jim Jackson

Trojans Play Well Dupo narrowly escapes 'upset'

By CHARLIE SKAER
of the Press-Record

MADISON — The Madison Trojans could taste the upset.

The Madison fans were screaming for an upset.

The Madison coaches were dreaming of an upset.

But, in the end, the Dupo Tigers spoiled the upset.

Madison held a 2-0 lead Friday night for exactly 11 minutes and 50 seconds, just shy of an entire quarter.

Dupo's Tim Siner broke the scoreless deadlock late in the third quarter when, on his team's 4-yard line, he snapped the ball over the punter's head and into the goalpost for a safety.

Everyone in Madison had upset on their mind.

THE TIGERS, however, put their strength to work late in the game to drive 50 yards for a touchdown and a 6-2 victory.

"This would have been a sweet one," said Madison coach Don Smith. "It would have been the biggest one in my career."

"But, mine will come. This is only my second year. Who knows, perhaps I can make the program good enough to where we won't have 'o make upsets because we'll be the one that's supposed to win."

One thing was certain Friday night — Dupo was supposed to slaughter the Trojans. The players, the coaches, the fans knew it.

"What's the matter with you guys?" shouted a Madison fan, taunting the Dupo players about the 0-0 score at halftime. "You guys are supposed to be up by 21 now."

THE FACT that Madison held Dupo scoreless for so long is an upset in itself. Dupo went into the game at 4-1, recording their first loss last week to Assumption.

Madison, on the other hand, carried a 2-3 record into the contest. One of those wins was a forfeit by Assumption because of an ineligible player, despite a 53-0 kill-

ing by the Pioneers.

Dupo coach Gary Mauser blamed the 14-12 Assumption loss as a let-down that his team has not yet recovered from, as evident with Friday's performance.

"Frankly, we did not prepare for them very well," said Mauser. "And I blame myself for that. We were not mentally up for this game."

"OUR KIDS thought we could come in here and give a half effort and still win. They only gave their best effort on that one drive."

"That one drive" was a 50-yard march that started at 8:38 in the fourth quarter and ended 13 plays later when fullback Scott Wittenbrink drove in for the score at 4:15.

The play came on a fourth down with only a few inches to go, as the Madison defense had amazingly thwarted three earlier attempts at the score.

Wittenbrink, who collected 81 yards in 25 carries in the game, accumulated 35 of those yards in eight carries during the scoring drive.

Time after time, quarterback Scott Pieman handed off to the senior fullback who always managed to break right through the middle for yardage.

THE reason, said Mauser, was blocking.

"Our left tackle decided he was going to block the fourth quarter," said Mauser, who is in his fifth year at Dupo. "That was it, plain and simple."

With a fourth-and-three situation on the 7-yard line, Mauser called timeout and decided to try some strategy. It worked like a charm, too.

Madison's Roosevelt Baker jumped offside to give Dupo a first down.

"We ran a no-play call," said Mauser. "I figured they would be eager and thought we might draw them off. If we didn't, we were going to take the penalty and try to kick the field goal for the win."

MADSEN admitted, however, that

his team hasn't kicked a field goal all season.

Smith said he was not upset at Baker about the offside penalty.

"To me, that's just a sign of his aggressiveness," said Smith. "That just shows he wants to play. I'd rather have him do that than to sit back and let them go through. He came around last year as a junior and he's doing fine this year. He's a good kid."

The impressive defense by Madison required Dupo to use all four downs to gain three yards and go in for the score. The two-point conversion failed when Algray Patterson dropped a pass in the endzone.

THE TROJANS had their opportunities to score. In the first play of the second quarter, quarterback Nathan Young made a 16-yard pass to Reggie Young in the endzone. But the referee ruled it an incomplete pass when Young lost the ball after being hit by a Dupo defender.

"If we would have scored, we would have won the game," said Smith. "I felt that strongly because my defense was playing so good."

Mauser complained, "This marks two years of a tight game. We beat Madison 6-0 last year. We've been successful on the scoreboard, but not on the field."

Any time Mauser wants to know what the reverse is that feels like, he need only have a chat with Smith.

A Turn Of Bad Luck Greyhounds 'pay back' Trojans

By JOE THOMPSON
of the Press-Record

MADISON — It shaped up to be another humdrum, the type of soccer match generally associated with a Lebanon Greyhound-Madison Trojan get-together.

The rivalry was spawned from the bitter duels engaged in by the school's respective basketball teams. The scenario generally went like this: The Trojans whip the Greyhounds on the basketball court; the Greyhounds do their damndest to restore lost pride on the soccer

pitch.

The Greyhounds made up for some earlier losses Thursday afternoon here, jamming in three first-quarter goals enroute to a 6-0 knockout.

LEAGUE coach John Schleppe, whose team improved its record to 7-5-1, said he was "shocked" at how easily the deed was accomplished.

An excitable sort, Schleppe lapsed into a virtual snooze thanks to a three-goal spree from Mike Kaminski, a pair of goals by Kevin Petty, and a single tally by Mike Ogden — all tacked onto flawless netminding by Chris "Bo Bo" Ruckle.

"When I saw the way we controlled the ball early in the game, I was deflated to the point where I was relaxed," said Schleppe.

The Trojans have fallen on hard times lately, the loss being their fourth in their last five outings. Their record is now 6-7-1.

IN LIFE, appearances often are deceiving. So is the seemingly downward spiral in the Trojan fortunes.

An explanation for this latest stretch of losses could be written in to a play and entitled, "The Tale of Two Goalsies."

A chapter could be devoted to how best to ignore playful taunts and save \$3.

If it was put on television, it would have to be presented as an episode on "Aftermath."

It's all intertwined, sort of.

The two goalies in the Trojans "fall from grace" are Patrick Glasper and Deloy Williams.

Glasper is the one who hasn't played in the recent stretch of defeats. Williams, who usually plays on the forward line, is the one who has.

SEEMINGLY, the Trojans downward turn could be traced to

the loss of Glasper, who hasn't played because of torn ankle ligaments suffered at home.

"I was wrestling," he said.

Only recently have the Trojans been bolstered by the services of defender Kenny Ingram, a never-say-uncle player whose determination Thursday surprised even his own teammates.

Ingram had not played because of a bad back.

The Trojans also played with a less than 100 percent Delarren Young. Young completed despite severe pain on one side of his nose. He thought it might be broken.

MOST bizarre is the injury suffered by James Watson, who broke an ankle in two places. Watson is a solid player on the junior varsity. He was running home from school in the late evening, and stepped into a hole fracturing the ankle. He also ran in to a pole.

"At the same time," said Jerry Gushoff, who owned the Trojans' best opportunities against the Greyhounds.

Madison coach Gene Briggs said, however, "I can't blame our performance on injuries. No way am I going to use that as an excuse."

Still, the injuries forced Briggs to reshuffle his lineup. One move was taking Williams from his normal position on the forward line, where his strong kicking leg makes him an ever present scoring threat, to goal, where he's seen little action this year.

The next time the Greyhounds and Trojans meet, don't be surprised if the outcome is different. Said Briggs, "Anything can happen."

HONORING SAM. During halftime of Friday night's high school football game between Madison and Dupo, the Trojans paid tribute to one of their biggest fans, the late Sam Dymos. Dymos, formerly school board president, seldom missed a Trojan football or basketball game before his death last November. To honor Dymos, the school recently named its stadium after Dymos. Above, current school board president Paul Bargiel presents a year book to Pamela Dymos, Sam's widow, commemorating the occasion.

Girls run away with title; Quarenghi edges GC's Wisner

BELLEVILLE — The Granite City girls' cross country team took first place Friday in the Belleville East Invitational, but Collinsville's Pam Quarenghi outpaced Granite City's Lora Wisner for individual honors.

In the boys' competition, Granite City finished fifth out of 10 teams. Darren Bernaux led the team with a 15th place finish overall.

Wisner and Quarenghi have faced each other four times this season. Wisner gained her first victory over her opponent Tuesday at the Madison County meet, but the Granite City junior couldn't achieve back-to-back victories over the Collinsville senior.

"**THEY** ran neck and neck the first mile," said Granite City coach Dave McGinnis. "In the second mile, Quarenghi pulled away by about 15 yards. Lora couldn't catch her."

Quarenghi finished the 2.2-mile course at 13:23, followed by Wisner at 13:33. O'Fallon's Lisa Judisack at

13:40, Belleville West's Tammy Dill at 13:46 and Belleville East's Lisa Jones at 13:52. In team finishes, Granite City collected 45 points. Centralia finished a distant second with 107, followed by Collinsville with 109.

Belleville West with 112, Belleville East with 123 and Triad with 135.

THE WARRIORS crushed their opponents in team points because of the high finishes of the Granite City runners. Melody Witt took seventh with a 13:54, Michelle Shoemaker finished eighth with a 14:16, Sheila Noel finished 12th with a 14:51, Lori Pepe took 16th with a 15:12, Faye Patton finished 20th with a 15:34 and Marianne Finn finished 28th with a 15:58. A total of 46 girls competed in the meet.

In the boys' meet, Belleville West's Jon Burnett took first at 15:44 and Edwardsville's Tim Flamer finished second at 15:51. Centralia, which finished first in the meet, accounted for the next three runners — Neil West at 16:14, Mark Mont-

gomery at 16:22 and Rod Gray at 16:28.

IN TEAM scores, Centralia finished with 33, Belleville West with 70, Belleville East with 98, Edwardsville with 113, Granite City with 127, Mater Dei with 154, Westcliff with 155, O'Fallon with 210, Breese Central with 246, and Triad with 276. A total of 73 runners competed in the meet.

Darren Bernaux again finished on top for the Warriors, completing the three-mile course in 17:16 for a 19th place finish. Charlie Porter was close behind at 17:19 for 21st place.

Keith Bono took 25th with a 17:30, followed by Derek Drumtra in 29th at 17:40, John Varadian in 33rd at 17:46, Todd Isom in 34th at 17:48 and Bob Shaw in 53rd at 18:42.

The girls' cross country team's next meet will be Tuesday at Mascoutah. Both the boys' and the girls' teams will take part in the Southwestern Conference Meet scheduled for Friday at Edwardsville.

Homecoming unhappy for Sauk Redmen; Stars win 3-2

By JOE THOMPSON
of the Press-Record
GRANITE CITY

Sometimes, athletic contests last too long. There were just three minutes left in the Granite City Center Star's subsequent 3-2 victory over the Sauk Valley Redmen here Sunday when Mike Macko manufactured one of his patented runs on goal. The Redmen striker, who already had scored one goal, read the left of the penalty area when Star goalkeeper Jeff Lantz slid into his legs. The alert Lantz managed to knock the ball from danger. But the ensuing collision knocked Macko from the match. He was taken to St. Elizabeth Medical Center with a possible knee injury.

Some homecoming! A loss, and then an injury. Macko, along with fellow Redmen Jimmy Burton, Darrell Gibbs and Lee Gavlick, played high school soccer in Granite City.

It was for this reason the match may have been more spirited than usual. Said Burton, "There was more intensity in this game than others." The energy level probably was higher for the Redmen. With the victory, the Stars pushed their record to 5-8. But Stars' coach Larry Petri was smiling much.

"We played a lackadaisical game," said Petri. "It was a strong

effort for them. They played to their capabilities. We had a lackadaisical performance."

In truth, the Redmen had a lot at stake. It's always nice to go home, especially when you've been away. Sauk Valley is located near Rockford.

"For them, it was a motivating factor," said Petri. "They wanted to do well, and they did do well." The Redmen had lost to the Stars earlier in the season, 2-0. They then went on a tear. Sunday's defeat dropped them to a still respectable 8-8. A key reason for their winning record has been the play of Macko, Burton, Gibbs and Gavlick.

"We're glad to have them," said Redmen coach Al Hardersen.

BESIDES Macko, Burton also experienced misfortune when he misfired on a penalty kick in the second half with his team trailing 3-1. It was his first penalty kick miss of the season in five attempts.

"Just missed it," said the downcast Burton.

The miss loomed large when Yai Lathogon notched a goal with less than 10 minutes, pulling the Redmen to within a goal.

They never pulled even, though Macko gave it a heroic effort. "I hope it isn't serious," said Petri of Macko's injury.

Petri said he had talked with Macko about possibly enrolling at

Center, but that Macko had indicated he would rather attend school away from Granite City.

WHILE the Stars may have taken the match somewhat nonchalantly, they never lost sight of victory.

They created several scoring chances in the first half, finally scoring on a shot by Jim Nations, who capitalized nicely on a bobbled shot by Redmen keeper Keith Molenaar. Tim Dean and Mike Caples combined superbly for the Stars' second goal. Dean lofted a cross to Caples who, with the ball in the air, rifled it past Molenaar.

Tony Valenti accounted for the third goal, scoring when Molenaar was unable to cleanly handle a shot by Scott Pelton. Valenti sent it into the goal.

THE STARS had other opportunities. Benny Nolan, for one, bounced one shot off the crossbar. Dean, for another, found himself facing a near open goal after a dazzling cross from Nation. However, Dean sent his shot just wide.

Petri's frown wasn't always there. There were the goals, and the near goals. "We did do some things that were positive," he said.

Sports of all Sorts Steals: A vital stat

By AL BARNES
for the Press-Record

More and more, sports reporting has become a matter of statistics. From the pros right on down even to the grade school level, sports reporters are deluged by a veritable flood of game statistics.

At most athletic contests, a reporter is almost drowned by the shower of statistics. In the press boxes, there are slots just chuck full of the game's performance stats, covering every angle and almost every move made by the athletes during a game.

As I type this column I'm looking at a soccer score sheet of the Quincy College vs. Southern Illinois University at Edwardsville game recently on a Friday night at Cougar Field. Most comprehensive, it was prepared by Steve Weller, the Sports Information Director at SIUE and his staff.

It's a terrific job and I congratulate Weller and his crew.

But, as good as the job was it still doesn't tell the whole story. And, it was funny that a dramatic, first

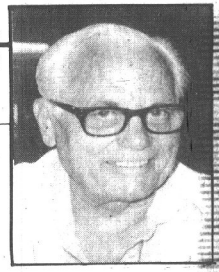

minute scoring play by the Cougars' Bill Statig, in which he "stole" the ball and zoomed in to score against Quincy in 45 seconds tripped my memory.

It recalled to my mind a game opening the Cougars' 1979 season in Canada, when they wallopped the previous year's NAIA national champion Simon Fraser University, 4-1.

Two of the key offensive players on the '79 national NCAA division I championship SIUE team were winger Jeff Cacciatore and striker Don Ebert. Plus, of course, Tim (12 points) Guelker, Bob (16 points) Bozoda and Matt (14 points) Malley.

It was in that first '79 game up there in beautiful Canada that I accidentally started "keeping track" of a statistic which I have never seen listed on any official soccer scoring sheets. That is, steals of balls from opposition players bringing the ball back up the field after your team has taken a shot and before the midfield strike is crossed.

In that first game of the '79 season up there in Canada, Simon Fraser University won the toss and elected

to kickoff. The ball was kicked back to a Simon Fraser midfielder who too nonchalantly as it turned out, let the ball roll slowly toward him... as the blitzing of Don Ebert swopped in and grabbed the ball on his clever toe.

Ebert "stole" the errant ball and five to six seconds later, the Cougars had a 1-0 lead.

Seconds later, after the kickoff at center, the little and pesky Cacciatore, came ghosting in to deftly steal the first of his game eight "steals" before the Simon Fraser defense could get the ball past the midfield.

In that game, Cacciatore racked up eight steals, the same as Ebert.

For that 1979 season, I regularly kept these "steal" statistics. Tim's pesky, perpetual machine Cacciatore ended up with seven steals per game for 24 games, while Ebert finished with an eight-steal average.

That total of 15 steals per game of the opponent's possessions between Jeff and Don before they even cross the mid-field had to play an important role in the terrific 19-2-3 record of the Cougars amassed in their march to their national crown.

In checking out my figures for this column, I noted another oddity about that 1979 season: Coach Bob Guelker used two goal keepers on an equal, alternating game schedule.

The two goalies were the brainy Mark Downar and the lanky Ed Gettemeier; both played in 12 games each. Downar registered 62 saves, Gettemeier's 76, and Mark allowed two (11 more goals than did Ed).

Gettemeier, who is enjoying a great pro career, racked up seven shutouts to Downar's four.

DOC begins Big Buck program

SPRINGFIELD — Illinois deer hunters have taken their fair share of trophy white-tailed deer racks from the state since the modern day deer hunting season began in 1957 and now they have the opportunity to get some recognition for those prize antlers.

The Department of Conservation will launch the "Big Buck Recognition Program" this fall to recognize hunters who successfully take trophy deer in the state.

However, recognition of trophy deer is only a small part of what the Department of Conservation hopes to accomplish with the Big Buck Program, according to John Kube, forest game biologist in charge of the program.

"Similar programs have been in effect in states throughout the country for several years, and they do far more than just publicize the excellent deer hunting opportunities the states have to offer," Kube said. "These programs help promote an interest and appreciation of deer hunting, and also promote sportsmanship and safety in the field."

Kube said the Department of Conservation also is interested in establishing and maintaining a permanent record of trophy deer taken in Illinois. "By maintaining these records, the Department of Conservation will be able to assist eligible members in receiving national recognition for their trophy racks for such clubs as Boone and Crockett and Pope and Young."

Additional benefits from the Big Buck Recognition Program, according to Kube, will be the appreciation of the sport and the development of a strong hunting ethic. "The side benefit, in a sense, perhaps more important than the recognition of the hunters and their trophies," Kube said. "This program will enable us to make the public aware of the wise use of this renewable resource, can develop strong hunter/landowner relationships, and an awareness of good management practices. In addition, the program should help make biologists more aware of the health and herd size of our deer population on a county by county basis."

Kube said there would be two categories into which archery and firearm hunters could enter antlers—typical and non-typical. Typical antlers are normal, symmetrical in shape, while non-typical antlers possess a large number of points which are abnormal in shape or position so no symmetry exists.

During the first year of the Big Buck Recognition Program only antlers harvested during the 1984 archery and firearm deer seasons will be eligible. In the future, however, qualifying sets of antlers harvested during earlier Illinois deer seasons will become eligible to be measured for the Illinois register.

Individuals interested in having their antlers measured for entry into the program this year must make preliminary measurements of their own, utilizing instructions and a score sheet provided by the Department of Conservation. Qualifying score sheets must then be returned to the Department of Conservation, and persons will then be notified of the location, date and time they can take their antlers to for official measurement. Measuring clinics

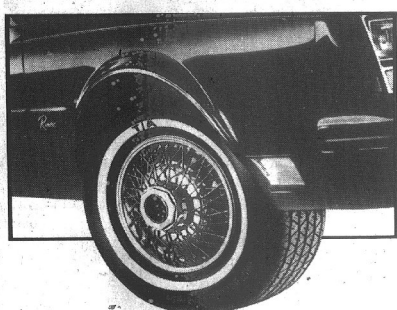

will be conducted throughout the state by DOC wildlife biologists and conservation police officers at no charge.

Kube pointed out that all measuring has to take place after a 60-day drying period. In addition, if a rack meets or exceeds the Boone and Crockett or the Pope and Young minimum scores, the hunter will be informed that they are eligible to include their set of antlers in the appropriate national register.

More information and score sheets for Illinois' Big Buck Recognition Program will be available to hunters at the annual deer check stations, or by writing: Department of Conservation, Information and Education Division, Big Buck Recognition Program, 324 S. Second St., Springfield, IL 62708.

Corps to conduct Pool 26 hearings

The St. Louis District Corps of Engineers will conduct two public involvement sessions on Pool 26 Shoreline Management Investigations. The meetings are scheduled on Oct. 18 and Nov. 8, at the Stratford Hotel, 229 Market Street, Alton, Ill.

At these meetings the Corps will present the existing resource and sensitivity maps developed by the seven resource groups involved in the Shoreline Management Investigation on Pool 26. The first meeting, on Oct. 18, will present the existing resource maps for public review and comment. The second meeting, Nov. 8, will present the sensitivity maps for the same purpose. These maps will indicate how sensitive each resource is to barge floating.

The meetings will be formatted as an open house from 1 p.m. to 4 p.m., and again from 6 p.m. until 9 p.m. Each resource group will have their working maps available for inspection and comment. The seven resource groups are navigation, biological, recreation, water quality, cultural, aesthetic and institutional.

Floating sensitivity will be in three classifications: no floating, floating with special permit conditions and floating with no special permit conditions.

Teens sought for Operation Snowball

Participants still may register for the eighth Region IV Operation Snowball weekend, which will be Oct. 19 through 21 at Camp Sallateaska in Pinckneyville, Ill. Operation Snowball, sponsored jointly by Plasa Health Care, is a program for high school students to learn about themselves, to learn how they can help others in their own community and to learn about important life issues.

Operation Snowball is an educational and peer leadership training program. It is founded on the belief that every human being has the capacity to make sound decisions regarding his or her life, based on accurate information and understanding of one's self and motivations. Operation Snowball brings together teenagers and professional resources to share information, explore issues and examine feelings about alcohol and other drug misuse and related life problems.

Teenagers interested in attending or adults or groups interested in sponsoring a teenager may call Ruth Kubicak at Plasa Health Care, 345-5200. The cost of the weekend is \$60, which includes lodging, meals, materials, transportation to and from the camp, and a T-shirt.

Dangers of fighting fires are recognized

Governor James R. Thompson declared yesterday, Oct. 14, at Fallen Firefighter Recognition Day in Illinois, in conjunction with the national observance. He encouraged all citizens to join with the fire service personnel in a salute to those firefighters who have made the ultimate sacrifice.

He recognized firefighting as "one of the most dangerous occupations in the nation. From the ranks of 50,000 professional and volunteer firefighters in Illinois, they gave their lives last year and more than 450 were injured in the line of duty." Nationally, 108 firefighters gave their lives "in the very act of saving others," the governor said.

GC MAN FINDS FIGHT VICTIM IN FARM TRUCK

Herbert Wein of 10 Del Rio Ave., told Madison County Sheriff's Deputies recently that he found an injured man in his farm truck. The victim, Lankford Whitehurst, 38, of St. Louis, told police he was involved in a fight the night before on the riverfront.

Whitehurst received a 1½ inch gash on the forehead, after he was allegedly hit with a lead pipe. Whitehurst told police that he regained consciousness after the blow, and found himself in the Mississippi River. Whitehurst said he swam to shore and walked around in a daze until he came to the Wein residence, where he decided to rest in Wein's truck.

Whitehurst was treated for his head wound at St. Elizabeth Medical Center and released.

MAN, 19, IS CHARGED IN MADISON BURGLARY

Jackie Earl Wilson, 19, of 2039 14th St., was charged with burglary after Madison police arrested him inside the Norfolk & Western Credit Union building, 1833 Third Street.

Police were alerted to the incident last week after they received a phone-in alarm. Wilson was observed to be removing money from a desk drawer and placing it in his pocket, it was alleged. Police confiscated \$86 in cash and \$15 in change from Wilson.

Entry had been made through the front window.

RED CAR TAKEN FROM LOT

The red 1975 Chevrolet Monza two-door hatchback auto of Wilbur James Kelley, 2200 Orville Ave., was stolen Thursday from the Geo's Lounge parking lot. The vehicle had yellow bumpers.

Madison annexes property for an industrial park

Madison City Aldermen voted last week to annex three more parcels of land, including one in the Cloverleaf Addition and two sections in McNairs Addition.

The annexations are part of an effort to extend the boundaries of the city for an industrial park.

Mayor Mike Sasyk explained, "We are trying to get all the ground we can to utilize the area for an industrial park."

During a previous meeting, the council heard Aaron Ridenour, Economic Development coordinator from Edwardsville, explain a pro-

posed plan to promote an Enterprise Zone in the Quad-City area that would include Madison.

Ridenour told city council members that \$100 million in revenue bonds have been issued by the Illinois Industrial Development Authority, earmarked for use in the zones throughout the state.

In other business, aldermen again approved a request from Police Chief Don Bridick to hire Curtis Bradley, a third candidate for the police department, and enroll him in training at the police academy, in anticipation of the resignation of

another officer.

The aldermen approved the recommendation at a September meeting of the council, but no retirement followed. To date, Bridick has declined comment on the identity of the officer who is expected to retire.

In other business, the council members approved paying bills for the month in the amount of \$38,362. They also agreed to have a letter drafted and sent to the Illinois Commerce Commission objecting to a proposed rate increase for telephone service.

Approval also was granted to pro-

claim Lupus Week Oct. 21 to 28 and allow the Knights of Columbus to conduct a roadblock at Sixth Street and Madison Avenue on Oct. 26 and 27 from 7 a.m. to 6 p.m. to collect monies for its program to aid the mentally retarded. Permission was given to the Madison Lions Club to sell candy this Friday at Sixth Street and Madison Avenue, to aid their charitable projects.

GIRL, 14, ALLEGES BEING HIT BY GC MAN

Jeffery D. Riggs, 19, of 2300 W. 23rd St., was charged with battery last week after police went to St. Elizabeth Medical Center, where a 14-year-old girl, who alleged being struck on the face, was being treated for swelling and discoloration of her left eye.

The victim was sitting on the back porch with Riggs, an ex-boyfriend, and when she refused to leave with him an argument ensued, she alleged. Riggs hit her left eye with his fist, she alleged.

Riggs was arrested at home. He posted a \$52 cash bond and was released, pending a hearing.

Schmalenger appointed Red Bud Center provost

Larry Schmalenger, recently appointed Provost of Belleville Area College's Red Bud Center (RBC), brings close to 20 years of experience in higher education to the position.

As RBC provost, Schmalenger is overseeing construction of the 12,000-square-foot center. He is responsible for equipping and staffing the center as well as scheduling courses to be offered there. "We want Red Bud Center to be conceived as a personal, intimate campus," he said. "It will be the kind of place where students, faculty, administrators and faculty feel comfortable coming to us with questions. Our goal is to give them individual treatment."

SCHMALENGER said RBC is a once-in-a-lifetime opportunity. "The whole concept of coming down here is exciting and the acceptance we've had from the high school students, the parents and adult

students, and the civic leaders is overwhelming," he said. "They've supported us on everything."

Red Bud Center became possible when the City of Red Bud, the school district and more than 60 private investors pledged approximately \$1 million toward its construction. "That kind of community support is unprecedented," Schmalenger said.

Because of that backing, RBC will have a first-class campus, he added. "This is going to be a very beautiful and functional building," he said. "It will be well equipped with state-of-the-art laboratory facilities."

BEFORE MOVING TO RBC, Schmalenger had served as BAC's Dean of General Studies and Community Services. In that position, he was responsible for coordinating the college's extension-center, basic education and senior citizen programs. He worked with more than 20 extension coordinators

in communities throughout BAC's 2,100-square-mile district.

Since coming to BAC in 1975, Schmalenger has been active in developing programs that reach out to residents of the district. In addition to supervising the extension programs a job he will continue to perform — he served as Assistant Dean of the Granite City Day Program for two years.

Before coming to BAC, Schmalenger was business manager for Mascoutah Unit School District for three years. From 1971 to 1972, he was Assistant Registrar and Chief Scheduling Officer for Southern Illinois University at Edwardsville, and from 1968 to 1971, he was Dean of Students for McKendree College in Lebanon.

HE HOLDS A bachelor's degree in business administration from Ohio State University and a master's degree in education from Southern Illinois University at Carbondale. He has completed work toward a doctorate in higher education administration at St. Louis University and SIUC.

He is a member of the Mascoutah Lions Club. He and his wife, Carol, have two children, Jonathan, 11, and Amy, 8. They live in Mascoutah.

Receiving station built at SIUE

The Religious Center at Southern Illinois University at Edwardsville's Only (TVRO) station is receiving its new, state-of-the-art receiving dish. The Rev. Dickson Bell, director of the United Christian Foundation, announced that a Comtech satellite receiving dish has been erected on the university campus, west of the Religious Center, and the station is already in operation.

THE REV. BELL said the satellite antenna is capable of receiving up to 24 different programs on each of 20 satellites. "Programming will be selected to serve the educational needs of Southern Illinois and Metropolitan St. Louis and will include many types of learning, as well as informational and entertaining experiences," he said.

Educational programming will include continuing education, church and community agency-sponsored programs. Informational programming will include live coverage of

the House of Representatives, Congressional Senate meetings and National Press Club luncheons, as well as religious, social, science, career-oriented, sports and leisure activities.

THE REV. BELL hopes to include continuing education services, programs for classroom instruction, lectures and other cultural and educational programs to be produced in conjunction with Illinois and Missouri educational institutions, organizations and agencies.

"Leadership and Communication" will be the topic of the third fall quarter workshop offered by the Student Activities Office of Southern Illinois University at Edwardsville. The workshop will be in the Illinois Room of the University Center from 1:30 to 3 p.m. on Tuesday, Oct. 16.

Merrill Harmin, professor of secondary education at the university, will conduct the workshop, which will outline basic leadership principles and styles of communication.

SIUE hosts seminar on Enterprise Zones, Oct. 16

Stuart Sloane, deputy assistant secretary for program development of the U.S. Department of Housing and Urban Development will be the keynote speaker at a one-day economic development seminar on Enterprise Zones: A Tool for Developing Communities.

Tuesday, Oct. 16, at the East St. Louis Center of Southern Illinois University at Edwardsville.

The seminar, to be sponsored by the city of East St. Louis and various area economic development organizations, will address the purpose and effectiveness of Illinois enterprise zones and the status of Federal zones as inducements to economic growth.

THE RATIONALE and objectives of enterprise zones will be discussed by Paul Sultan, professor, department of management, SIUE. Patrick O'Grady, director of special programs and mandates/administrator of the Enterprise Zone Program for the Illinois Department of Commerce and Community Affairs, will provide a broad overview of the Illinois Enterprise Zone Act of 1982.

Various economic development professionals from throughout the State will discuss the organization,

management and marketing of existing and proposed Illinois enterprise zones.

The speakers include: Kevin Ellis, enterprise zone administrator for the city of East St. Louis; Ann Hintze, economic development coordinator, Lockport Area Development Commission; Patrick Salmon, executive director, Back of the Yards Council of Chicago; Jon Bayless, executive director, Decatur-Macon County Economic Development Foundation and Aaron Ridenour, economic development coordinator, Madison County.

THE DAY'S activities will include the formulation of an agenda of action for improving the effectiveness and marketability of Illinois enterprise zones as stimulators of business/industrial development and neighborhood revitalization.

Sloane will discuss the status of pending federal legislation to create U.S. Enterprise Zones. A controversial political issue, federal legislation provides a means of enhancing the tax and regulatory incentives of Illinois enterprise zones.

The seminar will begin at 8:30 a.m. at the East St. Louis Center, 411 E. Broadway. A registration fee of \$10 includes lunch and seminar materials.

Steve Rudnick and Leo Benvenuti will perform from 11 a.m. to 1 p.m., Thursday, Oct. 18, at Belleville Area College. They will perform in the first floor lounge outside the cafeteria.

BUTTERFLIES ARE FREE: Coming to the new Student Experimental Theater on the campus of Southern Illinois University at Edwardsville, the production of "Butterflies are Free" is scheduled Oct. 18 to 20. PRAYER to the Holy Spirit. Holy Spirit, you who make me see everything and who shows me the way to reach my ideal. You who gives me the Divine gift to forgive and forget all that is done to me. You who are in all instances of my life with me. I in this short dialogue, want to thank you for everything and confirm once more, that I never want to be separated from you. No matter how great the material desire may be. I want to be with you and all my loved ones in your perpetual glory. Amen. Thank you for your love towards me and my loved ones. Persons may pray this prayer three days without asking for their wish. After the third day, your wish will be granted no matter how difficult it may be. 2. Who played in Super Bowl XI Jan. 9, 1977, at the Rose Bowl in Pasadena, Calif.?

3. What was television's longest-running network drama? Clue: It was a western, but not "Bonanza."

ANSWERS:

- Bert Parks
- Minnesota Vikings & Oakland Raiders
- "Gunsmoke"

RETURN WITH US TO... Gertrude Berg

YOO HOO, MRS. BLOOM!

MOLLY WAS PLAYED BY GERTRUDE BERG, THE SHOW'S CREATOR-WRITER.

THE GOLDBERGS, ALREADY A RADIO CLASSIC, MADE ITS TV DEBUT IN 1949. IT TOLD THE STORY OF A JEWISH FAMILY LIVING IN THE BRONX.
